PROFESSIONAL SUMMARY

Resourceful customer solutions professional with 5+ years of high-volume customer experience, including 4+ years at Comcast/Xfinity. Resolves complex account and service questions by reviewing data, policies, offers, and internal resources, then translating findings into clear, individualized next steps. Known for accurate documentation, efficient follow-through, and adapting quickly to changing guidance. B.S. Business Administration with a 3.97 GPA; M.S. Business & Information Systems in progress.

CORE STRENGTHS

Customer guidance and issue resolution | Needs-based communication | Adaptability to changing guidance and tools | Account review and data accuracy | Policy and offer interpretation | Internal resource navigation | Documentation and follow-up | Workload prioritization | Cross-team handoffs | Excel reporting | Process improvement | Microsoft Power Automate

PROFESSIONAL EXPERIENCE

Comcast / Xfinity | Sales Representative | Remote | April 2022 - Present

- Guide about 25 customers daily, more than 5,000 annually, by asking focused questions, reviewing account data and available offers, and identifying clear options that fit each situation.
- Investigate account, procedure, and system questions using current policies, knowledge resources, and support partners; translate findings into accurate, easy-to-understand next steps.
- Document interactions, decisions, and follow-up in internal systems with attention to accuracy, completeness, and timely handoffs.
- Adapt to frequent policy, offer, and tool changes while maintaining efficient, high-quality service; build Excel tracking tools and use Microsoft Power Automate and basic scripting to streamline routine work.

Harte Hanks | Customer Service Representative | Remote | February 2021 - January 2022

- Investigated customer inquiries, documented relevant details, and communicated clear next steps in a remote, high-volume environment.
- Reviewed, categorized, prioritized, and routed email requests while maintaining organized records and consistent handoffs.

SELECTED PROJECTS

Excel Activity Reporting System | Fictional public demonstration

- Built an Excel activity reporting system that captures daily activity, consolidates results into a monthly dashboard, and compares overall goal attainment with day-to-day consistency.
- Added configurable goals, validation controls, and exception-focused views so users can identify gaps, review results efficiently, and focus follow-up on the days that need attention.

Registrar Knowledge Portal | ServiceNow school lab | Academic project

- Configured a searchable ServiceNow knowledge portal, organized 42 lab articles into 12 student-facing categories, and revised registration guidance for faster scanning of steps, common errors, and support contacts.

Business and Cost Analysis | CAPSIM | Academic project

- Reviewed seven years of sales, market share, costs, profit, cash flow, and product strategy, then summarized trends and recommended next steps.
