SUMMARY

At Comcast, I investigated account and system issues, documented decisions and follow-up for team handoffs, and used Power Automate to filter and distribute daily reports for a team of 10. Academic project experience in Tableau, Oracle SQL and ServiceNow. NJIT M.S. student available full-time.

PROFESSIONAL EXPERIENCE

Customer Account Executive | Comcast / Xfinity

April 2022 - September 2026 | Remote

- Investigated account and system issues by reviewing customer records and policies, consulting internal support teams, and documenting decisions and follow-up in CSG for team handoffs.
- Built Power Automate flows that filtered and delivered daily sales and team-adherence reports for a team of 10 through email and Microsoft Teams, reducing manual report searching and filtering.
- Tested an Excel activity tracker and corrected formulas that left some days out of monthly totals.

Customer Service Representative | Harte Hanks

February 2021 - January 2022 | Remote

- Investigated state unemployment inquiries, routed email requests and maintained records for follow-up.
- Wrote OneNote guides covering task steps, information sources and escalation contacts for teammates.

SELECTED PROJECTS

NJIT Registrar ServiceNow Portal

Academic project | ServiceNow school lab

- Configured a searchable portal, organized 42 articles into 12 categories, and revised registration guidance with steps, common errors, and support contacts.

Activity Reporting: Excel and Tableau

Workplace-origin Excel | Fictional portfolio extension

- Rebuilt a workplace-origin Excel tracker with 465 fictional records, input validation and monthly reports. Added Tableau views for outcomes and daily targets.

Arcade Operations Ticketing Modernization

Self-directed planning study

- Proposed a five-category ticket lifecycle with requirements, user stories, acceptance criteria, and traceability.

SKILLS

Reporting: Power Automate and Excel troubleshooting (workplace); SUMIF/COUNTIF, validation and reconciliation (portfolio); PivotTables (coursework).

SQL / Tableau: Oracle joins, keys, constraints and views; Tableau filters and trends (academic projects).

Analysis: Requirements, user stories, acceptance criteria and traceability (projects).

Project support: Microsoft Project scheduling and dependencies (coursework); Smartsheet forms and escalations (workplace).

Systems: Microsoft 365, SharePoint, OneNote, CSG (workplace); ServiceNow Knowledge Management / Service Portal (lab).

EDUCATION

New Jersey Institute of Technology | Newark, NJ

M.S. Business & Information Systems | Expected August 2028

B.S. Business Administration | 2024 | GPA: 3.97 | Dean's List, all semesters

Training: ServiceNow Administration Fundamentals; ServiceNow Knowledge Management Fundamentals
