SUMMARY

Customer operations professional pursuing entry-level business analysis and business systems roles. Experience investigating issues and automating internal report distribution with Power Automate. Portfolio projects cover process mapping, requirements, and Excel reporting; academic work includes SQL and ServiceNow.

SKILLS

Professional: CSG, Power Automate, issue investigation, documentation, prioritization, and handoffs.

Portfolio: Process mapping, requirements, acceptance criteria, UAT planning; Excel reporting.

Academic SQL: Oracle SQL, relational tables, joins, keys, constraints, and views.

Academic lab: ServiceNow Knowledge Management and Service Portal.

Additional coursework: Tableau, Python, and Java.

EXPERIENCE

Customer Account Executive | Comcast / Xfinity

April 2022 - September 2026 | Remote

- Reviewed customer records and available options across about 25 daily interactions, documenting decisions, follow-up, and cross-team handoffs in CSG and other internal systems.
- Built Power Automate flows to post filtered reports to Teams. Automated daily Excel report distribution by email, scheduled messages, and confirmation emails.
- Investigated account and system questions by checking customer records, reviewing policies and procedures, and consulting internal support teams.

Customer Service Representative | Harte Hanks

February 2021 - January 2022 | Remote

- Investigated customer inquiries, recorded relevant details, and explained next actions.
- Prioritized, categorized, and routed email requests, maintaining records for team handoffs.

SELECTED PROJECTS

Arcade Operations Ticketing Modernization

Self-directed planning study | Hypothetical

Proposed a five-category ticket lifecycle with requirements, user stories, acceptance criteria, and traceability to planned UAT. No implementation; all tests Not Executed.

NJIT Registrar ServiceNow Portal

Academic project | ServiceNow school lab

Configured a searchable portal, organized 42 lab articles into 12 categories, and revised registration guidance with steps, common errors, and support contacts.

Excel Activity Reporting System

Portfolio project | Fictional data

Built validated daily inputs, monthly consolidation, and a dashboard. Reconciled source records to totals and distinguished monthly product goals from a separate daily target.
